BIG DAY TOMORROW.
FIRST FACTS, THEN ACTION.
NO DOLE! WHAT ELSE.

OUR good neighbor, Cuba, is to be congratulated upon the opening of a first-class school of civil aviation. President Machado attending.

Students volunteering already exceeded the school's capacity, which will be increased. Young Cubans have imagination and courage, qualities essential to good flying.

TOMORROW IS APPOINTED for a "great radical unemployment demonstration" in various American cities. Secret service men and labor union men see the Russian government is financing this demonstration.

It may be, however, that the number of men really out of work in the United States has something to do with it.

New York City warns communists that it will stand "no nonsense" and to prove that it is in earnest sends police reserves with tear gas bombs.

They caught one youth carrying pamphlets in red ink, telling the unemployed to "starve or fight." A little later they caught two women, Rose Derman and Sadie Doran, carrying the same accursed literature.

MAYOR WALKER tells the public that freedom of speech will be protected and guaranteed. That is wisdom. There is never much danger, even in bad times of unemployment, if you don't sit on the safety valve.

ONE YEAR AGO YESTERDAY President Hoover was inaugurated. Friends say he has devoted the first year of his term to "getting the facts" and the next three years will see vigorous use of facts.

Senator Fess of Ohio said that the president had prevented a panic in the property slump, and "saved property." Also, the president has taken "the only sound view" on prohibition, which is growing stronger. In cities, education will overcome the opposition to it, says Senator Fess.

SECRETARY DAVIS of the labor department objects to talk about "need" for the unemployed, and "have the government spend \$500,000,000 on public buildings."

That sounds wiser than it really is. Such an arrangement would suit members of building trades. The union would not allow anybody to get any of the \$500,000,000 and politicians wouldn't dare interfere with the union, even if it were right to do so.

MANY IDLE IN the building trades might not be able to reach the spot where buildings were to be erected. White-collar men, the elevator men, the furnace men, chauffeurs out of jobs, could not suddenly become steam fitters, or steel erectors.

THE GOVERNMENT OUGHT to proceed with public building, as a matter of common sense, having the money and needing the buildings.

Late Flashes
Of News

LOS ANGELES, March 5.—Three persons were killed in an airplane accident on the ranch of Wilbur Ross near Beverly Hills. Santa Monica police, who reported the crash, have the names of the persons killed.

NEW YORK, March 5.—The recovery in stock prices assumed rather impressive proportions in today's stock market despite the collapse in recent pool activity. Fifty or more issues were marked up to new high levels for the year, with gains of 1 to 5 points, and a few high priced issues marked up 6 to 15 points.

COMMUNISTS TO STAGE DEMONSTRATION

Dry Leaders Take Stand In Prohibition Hearing

WOMAN LEADING ATTACK AGAINST WET ARGUMENTS

McBride In Background As Hearings Start In Washington

RUMOR CHANGE IN ANTI-SALOON MEN

Ford, Sloan and Others Not Expected To Be At Investigation

(By International News Service)
WASHINGTON, Mar. 5.—With a soft-spoken, motherly little woman in command, the nation's dry leaders today summoned spokesmen before the house judiciary committee to answer the wet's demand for repeal of the eighteenth amendment, and to pronounce prohibition an unqualified success.

Mrs. Lenna Yost, chairman of the legislative committee of the conference of organizations supporting the eighteenth amendment, is the generalissimo of the dry, with Rev. E. C. Dinwiddie, secretary, acting as her adjutant.

She temporarily assumed the "dry czar" mantle of the late Wayne B. Wheeler, while the Anti-Saloon league faded into the background and its superintendant, Dr. F. Scott McBride, became a private in the ranks. Dr. McBride has announced his organization would cooperate with Mrs. Yost's committee, of which he is a member.

The situation revived stories current several months ago that some of the drys were demanding a more militant leader than Dr. McBride.

Although prepared to summon scores of witnesses, Mrs. Yost said the drys may not take all the time allotted to them by the committee.

The hearings on bills to repeal prohibition will begin Tuesday night.

The ordinance authorizes the city to sell bonds to the amount of approximately \$10,500, the amount needed to pay plaintiffs in various suits filed in disposal plant cases in Lisbon during the past several years.

The matter was submitted to council for action by City Solicitor Cecil K. Scott after City Auditor Helen Woerther filed resolution with council certifying that appropriation of the money will be necessary within the next two months. The money secured from the bond issue will be placed into the city sinking fund from where payment of judgments will be made.

The city is unable to provide payment of the judgments out of funds now on hand and will probably be forced to hold additional bond sales in the future to provide funds for other suits still pending against the city.

Masonic Temple Co. Elects 3 Directors

Three directors were elected to serve for three years at the annual meeting of the Masonic Temple Co. Tuesday night at the temple.

The new directors are J. S. Douth, R. W. Hawley and J. M. Davidson.

Following the stockholders meeting the directors organized for the year with the election of these officers: President, Frank J. Eckstein; vice president, W. G. Aldom; secretary, Geo. F. Kountz; treasurer, Phil Chancellor.

Editor To Address Kiwanis Club Here

Bow will speak here in the club's observance of national conservation day.

Veteran Of Civil War Dies; Joined At Age Of Seventeen

Thomas Crooks Called By Death; Served Three Years In Army

Thomas Crooks, 84, Salem Civil War veteran, died at the home of his daughter, Mrs. Garrett Wiggers, east of this city, following a short illness, about 2 p. m. Tuesday.

Mr. Crooks was one of 11 surviving members of Salem Treseott Post No. 10, G. A. R. and had resided in this vicinity for more than 60 years.

He was born in Haswell, Durham county, England, in 1846 and came to the United States when 10 years of age. He entered the Civil War by enlisting in Company F, 115th Ohio Volunteer Infantry, from Salineville, his home at that time, on July 29, 1862. He voted for Abraham Lincoln for president when 19 years old.

Mr. Crooks saw much active service in the Civil War, his company being detailed to guard bridges of the Nashville and Chattanooga railroad from Nashville to Duck river, in Tennessee, shortly after he enlisted. He was in service in Tennessee until June 22, 1865, when he was mustered out of the service.

Ranks of Veterans Growing Thin

Death of Thomas Crooks, 84-year-old veteran of Civil War strife, brings the surviving membership in Treseott Post No. 10, Grand Army of the Republic to ten members.

Fleeting years have exacted a heavy toll from the ranks of the Civil War veterans in Salem, and today the Treseott post, once one of the largest in Ohio in proportion to the city's size, has only a few active members.

Treseott post was organized here on December 14, 1896 and since that time has been holding regular meetings. Of the 10 surviving members however, only five are able to gather at the meetings, the remaining veterans being bowed with infirmities of age and unable to participate in post activities.

Three veterans, W. H. Pidgeon, John Everhart and William Reynard, died in 1929, Crooks being the first to pass away this year. The five active members are Charles Bonsall, Henry Older, Smith R. Reed, William Horne and Levi M. Stamp.

VAST COOLIDGE DAM DEDICATED

Huge Arizona Structure To Give Water For Irrigation Of Indian Reservation

(By The Associated Press)
COOLIDGE DAM, ARIZ., March 5.—Coolidge Dam, towering triumph of steel and concrete which holds back the turbulent waters of the Gila river, today stands dedicated as a monument to Uncle Sam's faith in the most pastoral of southwestern Indian tribes—the Arizona Pimas.

The huge structure, dedicated yesterday by Calvin Coolidge, former president of the United States, in whose honor it was named, will provide irrigation water for 40,000 acres of land in the Pima Indian reservation, and then water for an additional 40,000 acres in the Florence-Casa Grande valleys of the Lower Gila.

The city is unable to provide payment of the judgments out of funds now on hand and will probably be forced to hold additional bond sales in the future to provide funds for other suits still pending against the city.

Three directors were elected to serve for three years at the annual meeting of the Masonic Temple Co. Tuesday night at the temple.

The new directors are J. S. Douth, R. W. Hawley and J. M. Davidson.

FRENCH RIVERS COVER VILLAGE; MANY ARE DEAD

Disaster May Be Worst In Century In Nation; Reports State

HOUSES TOPPLE IN RUSH OF WATERS

Many Move To High Spots As Floods Continue Over Country

(By The Associated Press)
TOULOUSE, FRANCE, Mar. 5.—One hundred or more inhabitants of the village of Moissac perished, it was feared, early today when the Tarn river, broke through a dike. The disaster, if confirmed, is one of the worst flood catastrophes in France during the last century.

Two quarters of the city—those of St. Martin and St. Catherine—were almost obliterated in the surge of flood water from the broken dike. Residents were caught unawares. Many perished as their houses collapsed, others fleeing, were trapped and drowned.

The city already was in darkness, the rising waters having destroyed its electric light and gas facilities.

The exact number of victims could not be determined. Hope was expressed that the estimate of 100 dead would prove excessive. Aside from those at Moissac there were 26 known dead in the other flooded districts of southern France, with probability the toll will be increased.

JEALOUSY SEEN AS MOTIVE FOR KILLING DOCTOR

Cleveland Police On Clue In Latest Mystery Murder In Ohio

(By International News Service)
CLEVELAND, March 5.—Jealousy was being considered as a motive in the strange murder of Dr. Alfred P. Scully, 62-year-old bachelor physician, today as police pressed their investigation in an effort to lift the veil of mystery shrouding the slaying.

The newest theory developed in the perplexing murder is that a friend or relative of one of the physician's women social acquaintances, who harbored a grudge, lured or otherwise, against Dr. Scully, carefully planned and executed the man's death.

Descriptions of a man, who is believed to be the probable murderer, have been reported to police by two persons. Charles Fergus, bank cashier in the building where Dr. Scully maintained his office, said he saw a large man wearing a gray overcoat and a brown hat, loitering suspiciously about the hallway leading to the physician's office. Dr. Scully, at the time, was having dinner in a nearby cafeteria.

Miss Vera Fields told authorities that a man staggered into the baroque stand where she is a waitress, about 10 o'clock Monday night. He bore a gash on his forehead and kept muttering, "they won't get me after tonight." Miss Fields said. The man left in a taxi.

The number of the taxi has been learned, police said, and the driver will be questioned today to learn where the man was taken.

Examination of the bullets, with which Dr. Scully was slain, has revealed that they were probably of foreign manufacture, according to David L. Cowles, police ballistic expert. They were fired from a 32-calibre pistol which is believed to have been equipped with a silencer.

Lutheran Service

Holy Trinity English Lutheran church will hold a service at 8 o'clock at the church, in observance of Ash Wednesday. The pastor, Rev. G. D. Keister, will speak on "Bartering One's Life." Special gospel songs appropriate for the Lenten season will be sung.

LENTEN SEASON STARTS WITH CHURCH SERVICES

Observances In Salem Places of Worship; Christian World Bows During Penitential Season; Roman Service Reminds Man of State

The Lenten season was ushered in in many Salem churches with services this morning. Others will be held tonight and through the Lent.

ROME, Mar. 5.—The penitential season of Lent, lasting until Easter Sunday, was solemnly ushered in this morning, Ash Wednesday, in Rome's many churches. Each mass was featured by the imposition of ashes on the brows of those attending.

"Remember, man, that thou art dust and to dust thou must return," warned each officiating priest, in Latin, as he passed down the long lines of faithful before him. Similar rites were observed all over the Catholic world.

Lent, to the uninitiated, comprises 43 so-called fasting days, or the "week-days of the six" and a half weeks from today on until Easter. Sunday are not observed by fasting, or abstinence from meat. In most parts of the world nowadays, the former stringent rules have been greatly modified, notably in favor of manual workers who need a robust diet. Abstinence from the use of meat on Wednesdays and Fridays is still pretty generally required.

Thanks to Cardinal Gasparri, who has retired as papal secretary of state, lent now ends slightly earlier than hitherto. In the new code of canon law, which he was largely instrumental in preparing, it is stipulated that fast and abstinence should end at noon on Holy Saturday, day before Easter, in order to enhance the joy of the faithful at the most important of the feasts in the ecclesiastical year.

COUNCIL NOT TO ACT IN CLOCK STRIKING

Hearing explanations from Service Director Clyde R. Reich concerning the silencing of the bell on the city hall clock, city council elected to maintain neutral stand on the matter in its meeting Tuesday night.

Reich explained that complaints had been received for some time from A. M. Bloom, owner of the Lape hotel and several patients at the Central Clinic hospital as to disturbances caused by the tolling of the bell and that his action in the matter was based on sound reasons.

Council placed the matter entirely in his hands, following short discussions by Councilmen W. U. Filler and Max Adler. The bell on the clock has been silent for 10 days.

TAFT CONDITION SAID IMPROVED

Former Chief Justice Passes Good Night; Fear Of Death Believed Passed By Attendants

(By The Associated Press)
WASHINGTON, March 5.—After a "very good night" William Howard Taft was said by his attendants to be stronger and more alert this morning.

The former chief justice spoke to his nurse this morning and appeared to have continued the slight improvement which during the past few days had caused some of the fear that death was imminent to dissipate. The attendants, however, said there had been nothing to indicate any error in the verdict by his physicians that his case was hopeless.

The physicians, Dr. Francis R. Hagner and Thomas A. Clayton did not make their usual visit late last night. It was the first time that they had failed to call late at night since last Wednesday when it was thought that Mr. Taft could live only a few hours.

Denial Meets Inference That Soviets Lend Financial Aid

(By International News Service)
WASHINGTON, March 5.—The federal government refused today to become excited over the "red uprisings" which Communistic elements have planned tomorrow in scores of American cities as a part of a world-wide demonstration against unemployment and the existing industrial situation.

The policy of the government is to leave the handling of the demonstrations to local authorities in every case. If there is "rough stuff" club swinging and head breaking, apparently it is to be done by municipal police and not by federal agents.

The department of justice, which in other years has displayed almost feverish activity against Communist agitators, professes to have only a tolerant, almost academic, interest in tomorrow's demonstrations.

Keeping In Touch
In the course of their regular work, the department's agents keep in touch with Communists' activities, but no widespread raids are planned for tomorrow, nor is there any indication of undue alarm over what the demonstrations may develop. The federal slogan appeared to be, "leave it to the local authorities."

Attorney General Mitchell announced he was unable to confirm reports that the demonstrations tomorrow have been directly financed by Moscow. That the world-wide propaganda machine of the Soviet government has organized the program there is little doubt, but rumors of Moscow authorities having sent millions of dollars into America to put on the show are taken here with a large grain of salt.

Instead of becoming unduly alarmed or hysterical over the (Continued on Page 3)

COUNCIL PASSES STREET PAVING

Woodland Avenue Placed On Program For This Year

Woodland ave. was placed on the 1930 improvement program in Salem by city council as a result of a petition presented by residents of the street requesting that the street be paved, Tuesday night.

Five Woodland ave. property owners appeared at the meeting urging council to place the street on the spring improvement program to insure its completion by next fall. The petitioners were represented by James Britt who asked that the street be improved by paving with a concrete base and sheet asphalt top.

Twenty-four names were on the petition. The matter was referred to the streets, alleys and sidewalks committee.

Residents of South Lundy ave. submitted a petition requesting installation of a sanitary sewer on their street between Franklin and Acta sts. to council.

Five property owners were represented on the petition. It was referred to the sewers and sewage disposal committee for investigation.

A second request of Harry Warner, representing residents of Madison ave., that council install a sewer on that street, was also referred to the sewers committee.

Attorney Speaks At Meeting Of Quota

Attorney H. L. McCarthy gave an instructive talk on "Crime and Punishment" at a dinner meeting of the Quota club Tuesday evening at the Elks home.

Attorney McCarthy discussed the law side of this question. He related stories about penitentiaries and their inmates.

In two weeks the club will entertain the Girls Basketball team of Salem High school.

CANADIAN COOPERATION

The proximity and accessibility of Canada and that country's stand on prohibition have been important considerations from the very beginning of the wet-dry fight in the United States. Militant drys have regarded Canada as a sort of oozing sponge with an unfortunate tendency to ooze into American territory. None-the-less militant wets have regarded Canada as an oasis from which may be derived the forbidden drinks of their fancy. Their efforts to facilitate the flow, being of a positive nature, have been attended with considerable success, as compared with the negative efforts of the drys to stop it.

In 1923 the United States first suggested to Canada that clearance papers be withheld from vessels from Canada with cargoes of liquor for this country. The Canadian government at that time did not see its way clear to comply with the suggestion and further negotiations were carried on from time to time until January, 1929, when the matter was brought up again in a joint conference at Ottawa. The results of that conference, while publicizing Canada's desire to cooperate with the United States, were not positive.

Recent dispatches from Ottawa indicate, however, that the Liberty party of Canada is now prepared to support legislation to the end desired by those in charge of enforcement of the Eighteenth Amendment. This is an important development; the Liberals, although not quite in an absolute majority in the Canadian Parliament, are dominant and can count on strong support from the Conservatives and from minor parties.

Aside from its significance to the drys, the attitude of the Liberal party denotes an important friendship between Canada and the United States. Our northern neighbors, by a treaty made in 1924, agreed to furnish information on clearances of vessels where there is ground for suspicion that their cargoes were to be smuggled into the United States. Article II of this treaty provides that clearance from Canada to the United States "shall be denied to any vessel carrying cargo . . . of articles the importation of which . . . is prohibited, when it is evident from the tonnage, size and general character of the vessel, or the length of the voyage and the perils of conditions of navigation attendant upon it, that the vessel will be unable to carry its cargo to the destination proposed in the application for clearance." It is generally believed that these regulations have almost entirely abolished direct liquor smuggling from Canada on the high seas and concentrated it on the Great Lakes.

This cooperation from a country which feels itself discriminated against and dominated in many ways by the United States is commendable. It is so entirely commendable that it behooves us to redouble our efforts in proving to the world the sincerity of prohibition enforcement at home.

What Others Say

THIS CRITICIZED NATION
The critical propaganda directed against the American government and people continues to be voluminous and persistent. It may be of interest in this connection to realize that, in one respect at least, other sovereignties have also problems and faults which properly might be criticized and condemned.
It will be admitted, for example, that our own divorce situation is bad—very bad. But we do not stand alone in this respect. Our neighbor to the north concedes that it faces no more awkward problem than the question of what to do about divorce. So many petitions are now waiting the action of the Canadian parliament that their mass threatens to do to that body what the discussion of prohibition has done to the American congress.

Catholic Quebec, for instance, does not look with kindly eye upon proposed "liberal" enlargement of facilities for the dissolution of the marriage tie. Premier King would like divorce taken out of parliament, but he doesn't dare make the proposition or undertake the reform. Unfortunately, for him, he is locked to find a way out. Ontario wants a divorce tribunal, Quebec says: "They shall not!" Result: the Dominion parliament must probably continue to be cluttered up with divorce bills, and the general business of the nation suffer, as our own government clearly is suffering from a multiplicity of bills and discussion.

There is hope, however, that all these problems in time may be solved to the satisfaction of governments and peoples. It is unthinkable to admit that man's genius for government has, in any respect, permanently failed of its major purpose.—Cincinnati Enquirer.

THE SILENT BELL

Editor News:
There is nothing so becomes a man as good humanity and mild behavior, therefore if the striking of the old town clock tends to interfere with the business of drummers calling upon our merchants during the day we should be courteous enough to muffle the clock for their benefit during the night.

Salem, the city of peace, should be the last community in the world to perpetuate an old custom, like the striking of a clock, if in course of events it should be discovered to be interfering with the peaceful slumber of a transient visitor, especially if he be unaccustomed to the bang and clatter of city life.

I know where I speak; for during the period of the World War, I had been my misfortune to be called away from our quiet home to the city of Philadelphia for the purpose of helping to make the world, as well as Salem, safe for democracy.

At that time, Philadelphia was congested with strangers who like myself, had been called there to help in the manufacture of war munition. At that time, the ship yards at Hog Island alone employed 75,000 men and women; but that was only a mile in comparison to the number of strangers that were engaged in other branches of the war regime in the city. I mention this to show that board and lodging were at a premium, and that living in such a crowded city was unusually strenuous.

HEALTH

By Dr. Royal S. Copeland

A "HOTHOUSE" RACE
Out-of-door life is good for everyone, man, woman and child. It is vital to the infant.

Sometimes, I think the most wonderful babies in the world are in New York City and in other great cities. You see them everywhere, in the parks, in the street, in their carriages, sleeping out-of-doors.

As a matter of fact, you can have just as much fresh air in the city as in the country, and without fresh air, we are likely to be pretty poor specimens of humanity.

No one can estimate all the beneficial results of sleeping out-of-doors. Of course, everyone cannot do this, but it is possible for every person to sleep with windows open in summer and winter. Plenty of coverings to keep you warm is all that is needed.

Those of you who have slept out under the stars at night, in the woods, beside a tumbling stream, or on a mountain top, remember the wonderful sense of well-being and buoyancy upon getting up with the birds in the morning. You felt like chopping wood, or walking with seven-league boots, to the ends of the earth. There isn't anything like it.

We who live in this modern world lack much of the stamina and vital sturdiness which characterized our forefathers. Why is it? We are developing into a hothouse race. We live in too warm houses and ride in over-heated cars much of the time. We do not exercise enough; do not properly build up our resistance to cold.

Adults should start early in the fall to train the skin to react normally to different temperatures in the winter months. Hot baths, followed by a cool shower, or cool baths taken in a warm room, promote better circulation in the skin. This helps to harden it to the cold.

Mothers should take great care in the cold months in putting an infant out-of-doors to sleep, to see that the baby is kept warm. There are no limits within reason, of course, to the coldness of air an infant may breathe without harm, if the body is kept warm.

There are some things that must be taken into consideration in letting the baby sleep out in the cold. The first is his circulation. If a child is strong and has a good circulation, he can withstand the cold far better than the undernourished, frail child who has poor circulation.

Then, it will depend upon the age of the child whether it is well to let it sleep out in the cold weather. It is hardly advisable to take a child out until it is at least two months old. A baby under three months old should never be out in a temperature under the freezing point. Judgment must be exercised here. The chief things to consider are extreme cold, dampness and high wind. The sleeping child must be well protected from the elements when he is outdoors.

Winter babies, who are undernourished and anemic, should be given cod-liver oil and orange juice, together with lots of milk. In this way there will be built up resistance to cold, as well as resistance to disease.

When a child has been very warmly wrapped up and is taken indoors it perspires freely. This is a time to be most careful that it does not catch cold. It should have blankets taken off gradually, a few at a time.

With proper care and nourishment, and all the fresh air possible the year round, your child will grow into more vigorous and healthy childhood and, indeed, the effects of it will reach far into adult life. Good health should be every child's inheritance, and the nearer it gets back to Nature, the better for the youngster.

uous for nerves that had been attuned to the quiet of a town like Salem.

It happened that I had engaged a suite of rooms on 47th St., a very busy thoroughfare with street cars rattling over loose frogs all night long. Across the way from my apartment was located an express terminal which too, was in full blast morning, noon and night. The nocturnal whistling of locomotives, the bumping of baggage cars and the tooting of automobile horns, all of which was accompanied by the bang, crack and crashes incident to traffic jams in general, was even more annoying than the hourly song of a city clock.

Nor was that all, for along with these noises came the crowing of roosters, cackling of hens, quacking of geese and ducks, squealing of crated pigs, barking of dogs, and turtles, which although making no noise, compelled one to jump out of bed and run across the street half dressed to view their enormous size.

Now at that time, I was putting in twelve hours the morning until six in the evening. Not that all my time was spent at the shop in the suburban city of Lester, but that there was an outgoing and incoming train which had to be made on time.

Naturally the hustle and bustle of those days called for sleep and rest. But sleep and rest were impossible. Nevertheless, I exercised patience. Had I been a traveling man running from city to city, I would have gone to the service director of Philadelphia with the complaint that the noises in the vicinity of 47th St. were interfering with my sleep. But at that time I knew no better. I naturally thought I had to put up with them.

Since that time, however, I have learned a thing or two, upon the strength of which, I would advise our citizens to forego the inconvenience of a silent clock in favor of transient drummers, and incidentally to show the stranger stopping with us over night that we have more respect for his peaceful slumbers than he has for our acquired habit of counting the time of night. We must learn to subordinate the

The Stars Say—

For Thursday, March 6

A day of much agitation, uncertainty and setback is the augury based on adverse planetary operations. There are many forms of menace to be met with sagacity, composure and discretion. Avoid quarrels, litigation and perfidy. Personal affairs hold compensations.

Those whose birthday it is may prepare for a year of enmity, strife, litigation and duplicity, unless they keep themselves alert and composed and manage hostilities with sagacity, self-control and personal integrity. Self-control and personal influence may conquer adverse situations and diverse dangers. A child born on this day should be given early training in discipline, in self-control and self-reliance.

beautiful to the useful arts. Drummers and other agents must be given preference over all other artists. No matter how beautiful the voice of singer, the canvass of painter or the etched image of sculptor—all must make way for the drummer who, for instance, may be selling shoe strings. If the bell in the tower at times tends to stir the soul of this of that esthetic citizen and lead him to realms made without hands, it must nevertheless be silenced to accommodate the business of cheese and corned beef drummers. We dare not be swayed by poetical feelings during a crisis like this, better to follow the lead of Soviet Russia and recast our bell into farm implements.

D. H. RUMMEL.

Editor Salem News:

Dear Sir:
Taking advantage of your suggestion in The News that the citizens of Salem express themselves about the striking of our city clock, I wish to make a mock protest against its silencing.

While it is very regrettable that the slumbers of a stranger within our gates should be disturbed, there are hundreds of us living in the south side who belong to the working classes and who depend upon the striking of the city clock to keep our own time-piece fairly accurate. I mention the south side particularly because I have lived in that section many years.

Couldn't the gentleman pull the covers over his head, or perhaps a soothing potion might help. The writer has tried to sleep in hotels in Cleveland and other cities, when the racket of street cars and trucks has been annoying, but to try to silence them would be unthinkable. Humbly submitting this protest to our service director, I am,

Sincerely,

ISAAC NORTON.

A Citizen.

Salem, O., Mar. 3, 1939.

Editor The News:

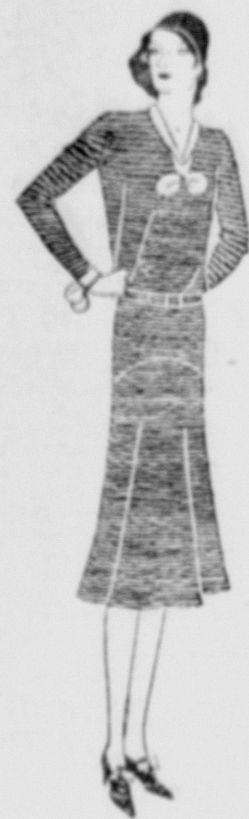

Would it not be better for the city to replace a light pole and the light that was knocked down by a truck, the damage was paid by the driver at least it should have been, on South Lundy, where so much boot-licking has been going on for the last year or so, where a light was needed badly, than to take the striker off the old town clock that was there before the hotel was built.

Railroads do not remove whistles to benefit pullman patrons. Let the town clock strike and consider your tax payers first.

CANAL BOOSTERS GATHER IN OHIO

Sandusky River Route Is Favored by Many In Discussions

COLUMBUS, Mar. 5.—Plans for an active campaign to obtain government recognition of the proposed Scioto-Sandusky river canal route from the Ohio river to the Great Lakes were to be outlined today at a conference of the Great Lakes and Ohio river waterways association here.

Representatives from cities in Ohio bordering the Scioto and Sandusky rivers and from Huntington, W. Va. and Louisville, Ky. attended the meeting.

Vaughn A. Talbot of Portsmouth, O., will direct the agitation for a connecting waterway between the Ohio river and Lake Erie.

Members of the association have pointed out that the Scioto and Sandusky rivers could be connected by a short canal near Marion and Upper Sandusky.

Under the proposed route boats could enter the Scioto river at Portsmouth and would pass into Lake Erie through the Sandusky river, which empties into Sandusky bay.

DRY DEFENSE
(Continued from Page 1.)

Prohibition amendment have been denounced as "shadow boxing" by some of the dregs.

Among the first witnesses to be called are Samuel Cresswell, author who recently expressed the ardent views of Henry Ford, Edward Keating, editor of "Labor" and former member of congress from Colorado; Patrick Callahan, business man and Catholic of Louisville, Ky.; C. P. Conally, East Orange, N. J.; Carlton M. Sherwood, New York attorney; Henry M. Johnson, Louisville attorney; and Dr. Daniel A. Poling of New York, president of the Christian endeavor.

Ford Not Expected
Mrs. Ford said she did not expect Henry Ford, John D. Rockefeller Jr. or Alfred Sloan, all mentioned as dry witnesses to effect the "big business" advocates of the wet, to appear.

Dr. McBride, announcing that his Anti-Saloon league would cooperate in the dry presentation, characterized the hearings as "a sham battle" confident that the committee will not recommend a change.

While the hearings have been made a sham battle, there have been certain things which ought to be answered," he said.

Among those who are wholly misreading of entire statistics, such as those concerning alcoholism in Chicago. Statistics will be presented to show the true effect of prohibition. "The wet presentation is no indication of a change of sentiment. Their spokesmen have been chiefly those who have always been wet. It is the same old story of the wets talking to themselves."

COMMUNISTS
(Continued from Page 1.)

Scheduled demonstrations, administration officials from President Hoover down have turned their attention to the more serious side of the situation—which admittedly is the growing unemployment throughout the country.

(By The Associated Press)
COLUMBUS, March 5.—Chief of Police Harry E. French today ordered police reserves to prepare for duty tomorrow when a Communist celebration is scheduled at Broad and High streets, near the state capital.

NEW YORK, March 5.—Police precautions of the nature that usually characterize May day will be in force tomorrow when an unemployment demonstration takes place in Union square.

CHICAGO, March 5.—Chicago police detailed to watch the international demonstration of unemployed tomorrow have been instructed to be on the lookout for any one tampering with street public utilities manholes.

PITTSBURGH, March 5.—Pittsburgh Communists will defy the orders of Police Superintendent Peter J. Walsh that they not parade here tomorrow, they indicated today.

Treasurer May File

LISBON, March 5.—Judge W. F. Stokes has granted Fred George as county treasurer leave to file his answer by March 20 next in five cases filed against him as county treasurer by the First National bank of East Liverpool, Farmers National bank, Salem, Putters National bank of East Liverpool, First National bank of Salem and the First National bank of East Palestine.

Sore Throats And Coughs
Quickly Relieved By This Safe Prescription

Here's a doctor's prescription that really throats are relieved and irritated throats are relieved and coughed almost instantly with the very first swallow. About 90 per cent of all coughs are caused by an irritated throat; consequently for most coughs there is nothing better than this famous prescription—it is direct to the internal cause. It is put up under the name Thoxine and is guaranteed to stop coughs and relieve sore throats in 15 minutes or your money will be refunded. Singers and speakers find Thoxine very valuable.

The remarkable thing about Thoxine is that while it relieves almost instantly, it contains nothing harmful, is pleasant tasting and safe for the whole family. Ask for Thoxine 50c, 60c, and \$1.00 bottles, sold by Lease Drug Co. stores and other good drug stores. Adv.

PLANS COMPLETE IN OHIO MERGER

Stockholders Get Announcements Today; Consolidated Will Be Under Operation Soon

(By The Associated Press)
CLEVELAND, O., March 5.—Announcement that a sufficient percentage of stocks to complete three proposed \$250,000,000 merger of steel companies into the Republic Steel corporation were being mailed to stockholders today.

As soon as the requisite corporate proceedings can be taken, the consolidation will be made operative, according to the committee carrying out details of the merger arranged by Cyrus S. Eaton, of Cleveland.

It is understood the various boards of directors will meet in about 10 days that announcements of stockholders meetings will be mailed promptly thereafter.

Companies involved in the deal are the Republic Iron and Steel company, Central Alloy Steel, Duquesne Steel company, Bunting-Pulver company, Trumbull Cliffs Furnace company and their subsidiaries.

GERMANS READY FOR EMERGENCY

Do Not Expect Trouble In Communist Meetings Over Nation

DUSSELDORF, PRUSSIA, Mar. 5.—German police will be kept on the alert in all the larger cities all day tomorrow to prevent disturbances growing out of expected Communist demonstrations. In Berlin all outdoor meetings have been forbidden, and authorities there and elsewhere contemplated no difficulty in maintaining control of any situation which may arise.

Tomorrow, Thursday, was set as world unemployment day by Communists at an international meeting here recently. Communist leaders expressed the hope that the jobless in every country will make demonstrations sufficiently serious to give the bourgeoisie "something to think about."

LEIPZIG, Mar. 5.—An employee of the Reichswehr, German national guard association, is under arrest charged with collusion with Communists in the disappearance last week of 30 machine guns and rifles from the Reichswehr barracks.

The case is regarded as further evidence of Communist activity within the Reichswehr.

97-Year-Old Judge Battles For Post

ST. CHARLES, MINN., March 5.—Judge Salmon W. Gleason, 97-year-old, Minnesota's oldest active jurist, was re-elected yesterday to a four-year term as municipal judge. He has held that office since 1899. Despite his age, Judge Gleason waged an active campaign and was returned to office by nearly a two to one vote over his opponent.

Gas Fumes Fatal

STIMSON JOINS LONDON MEETING

Arrival of American For Conference Creates Sensation

LONDON, March 5.—Ignoring his physician's orders to remain at Stannmore two more days, Secretary Stimson unexpectedly came to London today and summoned an immediate meeting of the American naval conference delegation. The purpose of the call was not disclosed and it created something of a sensation.

It was disclosed at about the same time that the Americans were considerably agitated over the course of events of yesterday's meeting of the chiefs of the delegations. It developed that Ambassador Gibson, who was acting for Secretary Stimson, vigorously opposed the program laid down for the conference when it resumes active work on the ground that it was premature and ill-advised.

County Farm Bureau Year Book Printed

LISBON, March 5.—The third annual year book of the Columbiana County Farm bureau has just been issued, and lists extension service activities of all Farm bureau groups for the entire year.

The date for all Township Farm bureau meetings have been scheduled for the entire year, with topics that will be discussed, including leaders.

Common Pleas Judge W. F. Lones and Probate Judge Lodge Riddle will address a number of these township gatherings during the spring and summer months.

Fair Association Leases Oil Lands

LISBON, March 5.—Directors of the East Palestine Fair association believe that when the association can make no financial gain by holding a fair, there may be wealth under the 32 acres controlled by the association.

For this reason the entire fair association property has been leased to W. J. Henderson for a period of one year for oil and gas drilling purposes. It is stipulated in the lease that the first well is to be drilled within six months. The association has held no fair at East Palestine for several years.

Salem W.C.T.U. Is Thanked by Hoover

The Salem W. C. T. U. has received a letter from President Herbert Hoover in which he thanked the union for its kind approval of his law enforcement program. This letter was a reply to one sent to President Hoover by the union complimenting him on law enforcement.

The letter was read at a meeting of the union Tuesday afternoon at the home of Mrs. J. R. Stratton, East Eighth st.

Current events composed the program. A meeting on April 1 will be at the home of Mrs. J. C. Edgerton, 249 East Fourth st.

Mrs. Mary Snyder of Youngstown, formerly of Salem, was a guest at the meeting Tuesday.

COURT NEWS

Journal Entries

For want of prosecution there has been a dismissal of the action filed by Earl W. Spickler against Roy S. Hostetler, and at the cost of the plaintiff. The suit was brought to recover \$1,370 claimed to be due for the alleged violation of a contract.

There has also been a dismissal for want of prosecution and at the costs of the plaintiff in the case of David W. Martin against Leander Kirkbride.

A motion for a new trial has been overruled and a judgment entered on the verdict in favor of the defendant in the \$15,000 automobile damage case filed by Paul Schafer against John Stayton. Judgment for costs has been entered against the plaintiff.

A similar entry has been made in the case of Elmer Boales and others against Charles Colwell and others. Judgment has been entered on the verdict and judgment entered against the plaintiff for the costs.

Verdict Is Entered
Judgment on the verdict for \$297 has been entered in favor of the plaintiff in the case of Goldberg Bros., Inc. against Fred Hopper, an action carried from a lower court on appeal to common pleas. No motion for a new trial was filed in this case.

An order of appraisement has been entered in the case of the First National bank of Salem against Nellie Whitcomb McGregor, an action in foreclosure. A decree has been signed by all counsel and approved by the court.

In the foreclosure action filed by the Federal Land bank of Louisville, Ky., against Rebecca Owen and others, judgment for \$2,201.25 and costs has been entered in favor of the plaintiff. A decree foreclosing the mortgage and an order of sale has been entered by the court.

A decree for further distribution has been entered in the partition action filed April 21, 1927 by Robert A. Hamilton against Daniel McBane.

Offer Rejected
The offer in open court by Philip Kidenier to confess judgment for \$200 and costs has been rejected by Albert Shaffer and others who have sued Kidenier and others for \$48,100 and interest. The money is claimed as royalty on coal that has been taken from property owned by Shaffer. The case is expected to go to trial within a few days.

Famous Jewels May Get Court Airing

NEW YORK, Mar. 5.—Grand jury action was in prospect today in connection with the sale of the historic Napoleon diamond necklace, heirloom of the Hapsburg family, to a local jeweler for \$60,000.

Representatives of the aged Archduchess Marie Theresa of Austria, former owner of the necklace which she valued at \$400,000 claim the archduchess received only \$7,379 while her agent, Charles K. Towns, retained \$52,730 of the sale price for expenses. The archduchess claims the sale was effected by Townsend after she had revoked his power to attorneys.

Conservation Week Observed In Ohio

COLUMBUS, March 5.—Observance of "conservation week" throughout Ohio centered in Columbus today with the opening of the first annual state conservation conference.

The program included discussions which may result in recommendations for a 10-year program devoted to reforestation, building of parks, restoration of game and wild life and preservation of historic and scenic areas.

Wales To Resume Big Game Hunting

LONDON, March 5.—The Prince of Wales has recovered so rapidly from the subterfuge malaria with which he was stricken last Friday that he will resume his hunting on Sunday.

A dispatch to the Daily Mail from Nairobi, Kenya Colony, said he probably would go to Entebbe, Uganda, on Lake Victoria, and use a lake steamer as a base for his expedition.

It is said he is virtually himself again, although finding it necessary to take things easy until the end of the week.

HEMOWORTH

Mr. and Mrs. Henry Klein, aged residents of Beechwood, former residents of this vicinity are in very poor health.

Mrs. Catherine Stauffer, 57, of Ravenna, a former resident of Knox township and mother of Elmer Stauffer of Hemsworth died at the home of her daughter, Mrs. Fred Gerber of Ravenna Thursday, after a brief illness. Surviving are five children, Harry Stauffer of Chicago, Mrs. E. J. Owen of Cleveland, Mrs. Fred Gerber of Ravenna, Mrs. Spencer Seibel of Linaville and Elmer Stauffer of Hemsworth, five grandchildren, four great-grandchildren and three sisters. Her husband died 18 years ago. She was a member of the Beechwood Brethren church.

Funeral services were held Saturday afternoon in the Gerber home in Ravenna and in the chapel at the Alliance City cemetery at three o'clock with Rev. John H. Miller officiating. Burial was made in the Alliance City cemetery.

The members of the Sardonix club were entertained Thursday evening at the home of Mrs. Ralph Grimes in Hemsworth.

The Ladies Organized Bible class of the Presbyterian Sunday school held a class party at the home of Mrs. Daisy Herren in Hemsworth Friday afternoon.

A number from this place attended a birthday surprise in honor of Mrs. Elizabeth Wernet at her home in Alliance. A covered dish dinner was served. The honoree received a number of fine gifts.

W. W. Stroup, P. S. Pieren and son Fred were to Canton Friday.

Mr. and Mrs. J. W. Freedly and son Russell were to Cleveland on business last week.

Mrs. Gertrude Reed spent last week with her son in Alliance.

A number of our young people were to Silver Fox Gardens Saturday night.

Dr. D. B. Wilkey, surgeon on a Pacific ocean line, spends his spare time writing short stories.

Today's Pattern

If you are no longer slender you will enjoy this frock designed especially for larger women. The touch of softness given by flared revers is most becoming, and the length gives by the vesting skirt pleats and pointed bottom of skirt and blouse, is particularly good. Note the puffed sleeves above, neat fitting cuffs, a detail entirely new. Pattern 1850 is charming made of printed silk crepe and trimmed with a solid color. Dark grounds with very small designs are not apt to enlarge the figure—black with charrreuse, navy blue with grey. The trimming may be beige, grey or flesh.

May be obtained only in sizes 38, 40, 42, 44, 46 and 48. Size 38 requires 3½ yards of 40 inch material and ¼ yard trimming. No dressmaking experience is necessary to make this model. The pattern has ample and exact instructions. Yardage is given for every size. A perfect fit is guaranteed.

COUPON
This pattern will be delivered upon receipt of 12c. cuts of stamps, carefully wrapped. Latest fashion, quick size. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 243 WEST 17TH STREET, NEW YORK CITY.

HOME-MAKING HELPS

By Wanda Barton

She claimed to have followed the directions, which said: "Add 1 tablespoon of flour to the juice of a can of asparagus, and stir well. The No. 1 can contains 1½ cups. The No. 2 can 2½ cups. No. 2½ can 3½ cups, the No. 3 can 4 cups, the No. 5 can 7 cups."

It's a decided economy to keep more than one can of each vegetable on the emergency shelf—especially if the household is a small one, or meals are occasionally served for one or two persons. To keep only the large size cans of tomatoes or peas or corn or anything else means that very often the large can is opened when only a small amount is needed. Then there's an odd cup of something stored in the icebox for a day or two—and sometimes it is wasted. With small cans, on the other hand, one opens up just enough, no leftovers, no waste.

The safe rule is to measure. In the matter of soups, the rule is 1 tablespoon of flour and 1 tablespoon of fat per cup of liquid if a thin sauce is desired. Two tablespoons of flour and 2 of fat per cup of liquid if a thick sauce is expected.

If the liquid from a can of vegetables is used this must be drained off and carefully measured. If there isn't enough juice to make up a cup or two as needed, then hot water or milk, or bouillon can be added. To the grocers, cans are known by numbers, and that is the way to order over the phone or by mail.

Tells Dyspeptics What to Eat

Avoid Gas—Indigestion

Strict diets are often unnecessary in stomach trouble. While some foods do produce excessive acidity and many stomachs do generate "too much acids" causing gas, sourness, bloating and after-eating pains, the trouble may be safely and quickly corrected by the use of a good alkaline. Bismarck Magnesia—powder or tablets—is ideal for this purpose. Just a little after meals neutralizes all the excess acid, prevents souring, breaks up gas and ends indigestion. Favorite foods no longer upset stomach and digestion is easy and painless. It will do all this for you or money back. Reliable druggists everywhere sell Bismarck Magnesia with this guarantee. Adv.

"Those Backaches Disappear"

Says Mr. Wilson

A Tired, Worn Out Feeling, Indigestion, Constipation Have Made Me Miserable for Years

"For fifteen years I have been gradually going down hill. My health was poor," says Mr. M. P. Wilson, 2133 Harvey Ave., East Liverpool, Ohio. "My bowels were always constipated. I always had to take laxatives and physics until they gave me no permanent relief. My liver was sluggish and inactive. Frequent attacks of indigestion with gas and bloating spells gave me a great deal of misery."

"I had heard a great deal about Indian herb medicines and when Owa-Ton-Na was recommended to me, I decided to try it and I certainly am glad that I did as it has made a big change in my condition. Constipation is relieved, my stomach is fine and I feel better than I have for a long time. My kidneys have shown a wonderful improvement, and those severe backaches have left me. Dizzy spells and headaches and that tired, worn-out feeling have been replaced with new pep and energy. It certainly is remarkable the way Owa-Ton-Na removes harmful poisons from the system. Owa-Ton-Na is a fine medicine and I am glad to tell others about it."

Owa-Ton-Na comes from Indian life and experiences. It is made

COLUMBIANA

Monday morning following the chapel period in Columbiana high school, a "Pop" meeting and celebration was held for the victorious basketball teams, they having won both girls' and boys' county Class "B" tournaments at Salem Saturday.

The prize-winning cups were presented to the high school by the two captains, Frances Sederly and Andy Andrich, and were accepted in behalf of the school by Principal Edgar F. Miller and Coach Donald Barbe. The two basketballs, which also were given to the winning teams, were accepted by Supt. F. J. Sewall. Brief remarks were also made by a number of others. The Columbiana Boys' team will enter the district Class "B" tournament at McDonald next Friday night, and are scheduled to play either McDonald High or Bristolville.

In case it is the latter team, the game should be especially interesting as Bristolville is the home town of Coach Barbe and Supt. Sewall was also located there prior to coming to Columbiana. If the weather is favorable, a large delegation of local fans will accompany the team to McDonald.

Monday night was "Guest Night" at the union evangelistic services in the Presbyterian church. Dr. Nafziger speaking to a large audience. Tuesday night was "Family Night" and the largest family present was hosted. Dr. Nafziger spoke on "Religion in the Home." Wednesday night will be the singing of "The Ninety and Nine," by 99 men. On Thursday night, Dr. Nafziger will speak on "Fast Forward—Is It Safe?" This will be Students' Night, and members of the high school are especially invited and will meet together in the church basement prior to the service for a social period and luncheon. Friday night will be Women's Night and 100 women will sing. Family Crosby's Lynda, Dr. Nafziger will speak on "Modern Women—Or Why Women Go Wrong." Saturday night will be "Recreational Night," and 100 boys and girls will sing. All will be given a souvenir.

The quarterly meeting of the Women's Foreign Missionary society of the M. E. church, was held this afternoon at the home of Mrs. Nettie Foster, West Park ave. Mrs. V. C. Baunier led the service and Mrs. Earl Nafziger gave an address.

Morning prayer meetings are being held this week in connection with the union evangelistic services, as follows: North district, at the home of Wednesday, Mrs. Charles Fuhrman; Thursday, Mrs. Elmer DeWiler; Friday, Mrs. John Barrow; Central district, Wednesday, Mrs. Fred Loder; Thursday, Mrs. J. F. Jewell; Friday, Mrs. J. V. Esterly; South district, Wednesday, Mrs. J. V. Stewart; Thursday, Mrs. Ralph Hum; Friday, announced later.

The Socias society will meet tonight at the home of Mrs. Harry Spensler, East Park ave., with Canada as the general subject of the evening. Miss Mary Buzard will conduct a map drill; Mrs. Charles Frederick will read a short story, and Mrs. T. B. Hyland, Mrs. R. V. Harold and Mrs. J. J. Quigley will contribute papers on "Canadian Resources," "Transportation and Communication" and "The Jubilee and Peace Bridge."

The entertainment, "Review of Shows" to have been given Friday evening in the C. H. S. auditorium, by local talent and professionals from Youngstown, has been postponed until Wednesday evening, March 12.

John Culp and Miss Luella Frankfort called on Mrs. Culp Sunday at the Salem City hospital.

Mr. and Mrs. Homer Glaser were in Lisbon Monday attending the funeral of William Anderson, a relative.

Mr. and Mrs. Russell Esterly and son, Billy, visited with relatives at New Waterford, Sunday afternoon.

Mrs. Emma Lewis, Alliance, spent the week end with her sister, Mrs. Lizzie Wining, North Main st.

Mr. and Mrs. George Cole visited Sunday with relatives at Canton.

"SHOW OF SHOWS"

At The Grand

"Show of Shows" musical, technical screen revue, comes to the Grand theater in its first of a four-day showing in the Salem district tonight. It is rated as the most pretentious production ever brought to the talking screen.

The cast contains 77 of the country's most prominent stars and featured players on the screen and stage and one of the most brilliant arrays of stage talent ever assembled for a single production. "Show of Shows" offers what is probably the most versatile entertainment ever offered.

Everything that has ever been a part of the entertainment world seems to have its moment in the "Show of Shows." John Barrymore is in evidence with a rendition of a Shakespearean soliloquy—not Hamlet's as one might expect, but the soliloquy of the Duke of Gloucester in "King Henry VI."

Ted Lewis lords it gayly with tipped hat and jazz band and the agreeable inquiry as to whether everybody is happy. Beatrice Lillie, convulses the folks with her clowning.

Irene Bordoni sings chic songs in her broken English. Georges Carpentier and an hundred agile beauties do amazing calisthenics. Terpsichorean aggregations seem to bob up at all moments, among them being the deft and graceful Adagio dancers. Screen heavies with lovely "ladies in distress"—do real ramping pirate stunts as they sail the Seven Seas. Myrna Loy, Nick Lucas and an Oriental chorus do an iridescent Chinese Fantasy.

"SWEETIE"

At The State

The national interest in college football made possible the success of college life as a stage or screen theme, according to George Marion, Jr., movie writer.

To prove his point, Marion has written "Sweetie," a musical romance of campus life, with Jack Oakie in the leading role. Supporting him are Helen Kane, William Austin, Nancy Carroll and Stanley Smith.

The picture, for which Marion wrote the story, lyrics and dialog and Richard A. Whiting wrote the music, will be seen and heard at the State for the last time tonight.

Weather Outlook

COLUMBUS, March 5.—Weather outlook for the 36-hour period beginning at 8 o'clock last night.

In the last 24 hours the air pressure has decreased somewhat over the lake region and the Ohio valley. There was a very general though mostly slight rise in temperature over the field of observation, the greatest rise occurring over northeastern districts including the Ohio valley. The pressure distribution this morning seems to be favorable to continued fair weather in this vicinity during the next 36 hours without important change in temperature.

Golden Eagles Easy Victors In Opening Titular Cage Battle

THE DAY In Sports

INDIANS LOOK STRONG
BILLIARD OUTLOOK GOOD

Of special interest to Salem baseball fans are statements of officials of the Cleveland American league baseball club that they expect the Indians to finish one-two-three this year and give other teams a strong battle for titular honors. They figure that the team will be every bit as strong in 1930 as it was last year, when it finished in third place, just a few places back of the late Miller Huggins' Yankee team.

The addition of several rookies and a number of promising old-timers who are still good for a few seasons prompted the optimism of the Clevelandists but it appears that nearly every major league team is adding strength and that both leagues will be involved in real battles.

The flop of the Yankees was big surprise of 1929 but their losing out to Connie Mack's sensational "white elephants" who proved to be nothing less than the best team in either league, is no disgrace to the Gothamites. Mack's team was undoubtedly one of the best in years, while several of the former great performers of New York were in a season-long slump. The Indians were not even considered as a first-division team when the season opened but they played great ball to nose out the St. Louis Browns for third place.

There were not many outstanding teams in either league in 1929 but 1930 should bring out plenty of good baseball talent that has hitherto been seen only in the minors. Mack will still have about the same lineup, a team which is rated second only to the great Yankee team of a few years ago and is ranked right along with Bill Conners' White Sox team previous to the 1919 scandal when Eddie Cicotte, Claude Williams, Joe Jackson, Dickie Kerr, Swede Risberg and others were in their prime. The elimination series of the century would be on between the teams.

Billiards according to Raymond Collins, president of the National Billiard association, will attract more than three million new players within the next five years. He figures that the game is gaining in popularity among younger persons of both sexes and directors of the association are already making arrangements for several sectional tournaments involving juveniles in competition on smaller tables.

McArtor Florists No Match For Birds In One-Sided Struggle

Solbert Greenberger's classy aggregation of Golden Eagle cage artists gave every indication of being a real city championship basketballing quintet and smothered the presumably strong McArtor Florists squad by a 43-16 margin in the opening game of the Class A titular series at Memorial gym Tuesday night.

The Florists proved no match for the Golden Eagle crew in any department of the game and were outclassed all the way. The Birds tallied six field goals in the first quarter before the Poles registered a point and led by this margin and more during the entire fracas.

In trouncing the Florists by this 27-point margin the Greenbergers combine upset all previous precedents in Salem city league activities, never before in history here, having a team registered such a lopsided victory in a championship duel.

Strong Defensive Play
Only three baskets were tallied by the Poles from the field during the four periods while the Golden Eagle registered an average of 10 points per period, scoring their high total in the opening eight minutes of play. It was the strong defensive play of the Eagles that was the big factor in their victory.

In order to register any basketball victory a team must be able to obtain possession of the ball at least one-half of actual playing time but this is just what the Florists were unable to accomplish. The Birds, a team of veritable ball-hawks, tenaciously followed the leather around the court at all times and kept it in their possession three-fourths of the game.

In stopping Wilbur Springer, Les Oider accomplished what no other league player has been able to do this season but he in turn was forced to sacrifice scoring of points for his own team. But he didn't need to tally any counters himself, for Springer, the Poles' mainstay was stopped and this in itself meant defeat for the second half champs.

Springer was ejected from the game on personal fouls early in the third quarter following which Oider garnered his first field goal. Up to the time of Springer's exit, both had tallied only one point.

Sander's Halted
Pete Sanders, another so-called mainstay of the Florists, was helpless before an almost impenetrable defense and failed to connect for a single field goal. Pip, Tiny Ellsworth and Bill McKeown scoring the only field goals for the losers while Rib Allen gathered in five himself and Bob Cope four, for the Birds.

The game was a big surprise to many fans and what will happen when the teams meet in the second, and possibly final game, tonight, is a matter of conjecture. One thing certain, the Birds can't be any hotter than they were last night while it is possible that their opponents may turn out to be a little bit better so that things will be somewhat more even.

Two Akron High Teams Doped As Favorites In Tournament

Salem Given Only Outside Chance To Win One Of Four Leading Places; Result Of Entire Event Remains Toss-Up Due To Uncertainties

Basketball teams of North and East High schools of Akron, rated among the strongest in the entire eastern Ohio district, are ranked as outstanding favorites to finish among the honored few when all is said and done concerning the annual competition between 24 schools in the southern division of the northeastern Ohio district at Akron Goodyear gym this week.

North and East are almost certain to land two of the four places by proceeding through this week's competition without meeting defeat following which they will be selected, along with two other teams, to return to the big athletic auditorium for battles which will involve them in cage arguments with four Cleveland district representatives, next week.

East has lost only one game during the entire season, winning 13. It also tied for the city championship of Akron with the North Eklimos, both winning five and losing one in the Rubber City circuit.

East defeated Salem High in the Red and Black's second game and the former's first, of the 1929-30 season, by a 26-27 score while the Northern weren't called into competition with Floyd Stone's basketballers. North has a record for the season of 13 wins out of 16 games and lost to East last week by a 10-7 score.

South Seeks Revenge
Coach Doc Wargo's South Cavaliers are expected to indulge in one of the keenest of battles when they attempt to survive first round play in a debate with the Salem crew and will be seeking revenge for the defeat the St. Louis handed them earlier in the season. That this defeat, by only two points and in an overtime period, doesn't mean a thing can be well seen in the fact that last year Salem beat Akron Gerfield handily in a regular season game but was outclassed when it met Corl Zimmerman's artists in the tourney.

The Stonemen are given only the faintest flicker of a chance to finish among the four tourney survivors by deposters and should they trim South will face East High of Youngstown, an aggregation which the Salem lads will be glad to buck up against when they remember the result of the game played at the Youngstown school's ballwick this season. Canton McKinley will very likely be Salem's next adversary, granting that it trims both South and East, as Canton is in a layout with two weak teams, Kenmore and Wadsworth.

The uncertainty of tournament competition makes the affair between many of the teams a toss-up but at least the two Akron schools should come through with honors. Akron has a chance to land four teams in the semi-finals with the Cleveland winners but the probability is slim when one considers that Coach Dwight Peabody always has a truly strong tournament team at Canton and that Youngstown South isn't so weak and that there will be various other aggregations to consider.

Detailed dope on the tournament will be granted readers Thursday.

Second Duel For Title On Tonight

The Golden Eagle and McArtor Florist basketball teams clash in the second of the city class A championship series at the Memorial building at 8:15 tonight.

The Little Gem shoeshiners, leaders in the Class B circuit, defend their position against the Fender Benders, third-place aggregation in the preliminary at 7:30.

High School Basketball

Engaged in the first battle for inter-class championship honors, freshmen class tossers early defeated seniors, 12-4, Tuesday noon at the high school gym.

The frosh crew outplayed the upperclassmen the whole way.

(By The Associated Press)
NEW YORK, March 5.—Another carefree smiling Englishman is in America today to challenge death and man-made speeds on the hard sands of Daytona beach.

This time it is Kaye Don, crack British race driver, who will follow in the wheel ruts of his famous English predecessor, Major Sir Henry Segrave. Last March, on the Florida sands that have cost two American speed kings their lives, Segrave drove his golden Arrow Sunbeam to the amazing record of 231.36 miles an hour.

Don, a good-natured veteran of World War flying days, will try to smash that record in a bigger, and he thinks, better Sunbeam, this one a mammoth seven-ton creation in silver gray labelled the "Silver Bullet." It is his turn to drive because Segrave, one of his best friends, has definitely turned from automobile record-smashing to his first love, the building of a speed boat that will conquer all time standards on the water.

Arrives In New York
Don arrived in New York yesterday on the Berengaria, a few cabins away from where the Silver Bullet lay crated and lashed to the forward deck. In his party was his sister, Mrs. Roberts, Louis Coatalen, a mite of a Frenchman who designs the racing monsters for Sunbeam, and eight mechanics. The party leaves Thursday for Florida, where the tests must be made under the American Automobile association auspices between March 15, and March 30.

Don is a bachelor of 36, tall, well set up, with sandy hair, a brisk tan mustache, blue eyes and a pair of deep dimples at the corners of his mouth. He drives purely for the sport of the thing, was British champion in 1928, and 1929, has never piloted a machine faster than 162 miles an hour, and flew a bomber in France during the World War. This is his first trip to America.

Never Been Driven
The Silver Bullet which has never been driven but has a theoretical speed of 260 miles an hour is a great improvement over Segrave's Golden Arrow in evading wind resistance, Don said. The new car is 30 feet long, weighs seven tons, has two stabilizing fins to keep it on the ground, and is equipped with silk tires 37 inches in diameter and lightly covered with rubber. The tires are tested to last four minutes at a speed of 300 miles an hour.

The Bullet is powered by two 12-cylinder aviation engines in tandem, developing 2,000 horsepower, three times as much as Segrave's Golden Arrow. It has three speeds and should travel at the rate of 90 miles an hour in first, 170 in second and 260 in high.

SPORTS IN BRIEF

PASO ROBLES, CAL., March 5.—Another Pacific Coast league player has joined the Pittsburgh Pirates. Vice President Sam Dreyfuss announced today he had signed Roy Frazier, Oakland outfielder. Anxious to get away from Oakland, the outfielder recently purchased his own release.

BILOXI, MISS., March 5.—While Manager Walter Johnson has no wild hopes of making demon hitters out of his pitchers, he believes a little practice will do no harm. Hence the fun the Nationals mound men are having at the plate this week.

TAMPA, FLA., March 5.—Two days of full team practice gave Manager Bucky Harris a feeling today that he is going to see his hopes for a speedier outfield realized in this year's edition of the Detroit Tigers.

NEW ORLEANS, March 5.—With his holdout troubles at an end, General Manager Billy Evans of the

Cleveland Indians headed toward California today to find out about the health of Lew Fosse, star first baseman who led the league in batting last season.

ORLANDO, FLA., March 5.—Jackie May, rotund pitcher and last of the Cincinnati Reds' holdouts, is back in the fold. With his arrival in camp the entire pitching staff of 12 is on hand.

AXELROD OFFERS PARTS FOR ALL MAKES OF CARS

Salem Wrecking Concern Gives Special Service To Motorist

Operating all over this part of the state, with offices and plants in Alliance, Steubenville, Massillon, and Uhrichsville as well as in this city, the Axelrod Auto Wrecking Company performs a great service for the motoring public. It buys all makes of cars in any condition, dismantles them, and places the parts in stock for the use of those who have replacements at prices that represent a substantial saving over what new parts would cost.

With the five yards under the one control, and operating a central storage warehouse for parts, it can on short notice furnish just about anything needed. It includes in its sales used batteries, used tires and tubes, used radiators and a great number of new accessories as well. It has the exclusive agency in Salem for the popular Harrison radiator as well.

The company is located at 76 East Pershing, and in the local establishment maintains an immense stock, so that Salem motorists are nearly always able to obtain their needs at once. However, in those few cases where this particular part may not be in stock, in nearly every case a telephone call to one of the other plants of the company will bring the part immediately.

Money saved by this convenience runs into many thousands. When such a part is required the motorist is able to obtain it at a small part of the cost of new.

Local management is in the hands of Julius Axelrod. The company telephone is 922-W.

Swiftest, Easiest Way to End Bilious Spell

When you neglect those first symptoms of constipation — bad breath, coated tongue, listlessness, the whole system soon suffers. Appetite lags. Digestion slows up. You become headachy, dizzy, bilious.

It's easy to correct sluggish bowel action! Take a candy Cascarets tonight. See how quickly and pleasantly the bowels are activated. All the souring waste is gently propelled from the system. Regular and complete bowel action is restored.

Cascarets are made from pure cascar, a substance which doctors agree actually strengthens bowel muscles. All drug stores have Cascarets. 10c—Adv.

Quality Slogan Of Arbaugh Here For Two Generations

"Quality furniture at reasonable prices," has been the slogan that has carried W. S. Arbaugh Furniture Store to its commanding place in Salem business circles during the thirty years it has been before the public. That the public does like quality in its furniture, that it will buy quality furniture when the price is reasonable and just, have been things well proved in the long career of this business.

In that time the people of Salem have had ample opportunity to place their judgment on this store. It has always been a quality store, and has based its entire appeal to the public on the fact that it offers better goods at fair prices, not cheap goods at "amazing reductions." This conservative idea, however, has not meant a conservative policy, for the store has kept itself in the foreground in the timelessness and stylishness of its goods. In the character of its store service, and in its appeal to the people of Salem.

In addition to its general furniture lines, which are all that can in reason be asked in variety and quality, the store carries many well

known lines of specialties. Among these are Franklin A grade living room furniture, Royal electric cleaners, Easy washers, Sellers' kitchen cabinets, automatic refrigerators, Lloyd-Loom and Heywood-Wakefield baby carriages, Amrad radios, Giche-Wernicks book cases and other well known articles.

Furniture and house furnishings of all kinds are carried in stock, and the trade extends over a considerable area around Salem. The age of the house has made it more than a store to a great many people of this community. It has become an institution in the lives of two generations, and "Arbaugh's" is a household word all over this territory.

Restaurant Aims To Offer Tasty Foods To Public

"Just a good place to eat." Yes, but how much that really means! Let the unhappy one who has to travel from place to place and eat what he can tell you all it means. He remembers such a place from trip and trip, and he feels he has found something to live for when he enters its portals.

That is what traveling men say about the restaurant at 604 East State st., operated under the name of Ohio restaurant. When William Nyktas, the proprietor, was asked to tell something about his place he put a whole sermon in a few words:

"Our main purpose is to equal in taste and attractiveness home cooked foods."

That is why the place is so popular. Its dishes are appetizing; they show the care the home gives the food. There is probably no reason, with a good cook, why restaurant food should not taste just like home food, but not one in a hundred succeeds in making them do it. The Ohio restaurant must have a jewel of a cook, or the boss must know how things should be done. Or else he has a magic wand that does magic, for when you taste his food you know it is really home cooking — and good home cooking at that.

Aside from that, the Ohio restaurant is a popular place for the noonday lunch and for after theater parties, as it is open all night. The place itself is very attractive, white and clean, and the kitchen is unusually well equipped, so that a patron may have what he wants cooked as he wants it — and "home cooked" at that.

FAMOUS MARKET GROWTH GREAT IN FIVE YEARS

Catering Service, Other Novel Arrangements Offered Here

Starting in a modest way five years ago, the Famous Market has come to be an institution in the lives of the people of Salem, and its growth has been evidence of its fine service to their needs. Its owners, Kenny Ziegler and Lee Butler, started out with the idea of supplying in the highest class of food supplies, both for home consumption and in form that could be used in picnics and outings, and also for consumption in the lunch room. A catering service is also maintained.

The idea proved popular with the people, and soon it was necessary to enlarge the quarters. Now the market enjoys a fine business in quality goods in all of its branches, including the sale of baked goods from its own bakers, quality groceries, delicatessen goods, the service of meals at the usual hours and sandwiches and light refreshments all day, with catering for all outside affairs.

The purpose has always been to offer the best goods obtainable. Quality first, last and all the time has been the rule. Nothing is kept in stock that is not up to the requirements, and nothing is served that fails to reach the standards set out.

Now when a Salem housewife wishes to serve something a little tastier than usual, when she expects a guest she particularly wants to please, or when she has a little party that she wants to make memorable by the food she serves, she goes to the Famous Market, and she need never go away dissatisfied.

Regular meals are served also, and at any time of the day sandwiches may be had. The Famous will pack up a lunch for your motor trip, or do any kind of catering for small or large parties, furnishing either the complete meal or any special dish desired.

ANALYZE THE ALLOWANCE ON YOUR USED CAR

If a dealer pays you more than the true worth of the car he must make up the difference by extra charges on the new car or re-sell it to some one else at too high a price

PERMANENT value is always better than a temporary bargain in the purchase of an automobile. It pays to look ahead and consider reliability and ultimate up-keep costs, as well as comfort, safety, speed, and beauty of line and color.

Since most automobiles are bought for replacement, the value set on your used car is a factor in almost every purchase. Frequently it is given an importance beyond its true worth.

Used cars have a definite market value and you are justly entitled to an allowance based on that value. It is not fair that you receive less. It is not to your best interests to receive more.

IF a dealer pays you more than the true worth of the car he must either re-sell it to some one else at too high a price or make up the difference on the new car. This he cannot do unless he is allowed an excessive profit on the car or on financing, extra equipment and other charges. In either case, you pay the bill, for no way has yet been found to give something for nothing. The money must come from somewhere.

You may not get the largest used-car allowance from the Ford dealer, but that very fact should give you confidence that you are receiving full value in the new car. *Ford charges are not marked up or increased to cover a high trade-in allowance on your old car.*

Because there is no waste, extravagance or undue profit in manufacturing, distribution or selling, every dollar you pay for a Ford brings a full dollar in return. In lower first cost, in reliability and long life, in the low cost of operation, service and replacement parts, the Ford will save you much more than the seeming difference in trade allowance.

FURTHERMORE, at least \$75 extra value is given to you in the new Ford in the Triplex shatter-proof glass windshield, the Rustless Steel, the five steel-spoke wheels, and the four Houdaille hydraulic double-acting shock absorbers. The unusually large number of ball and roller bearings, and the extensive use of fine steel forgings instead of castings or stampings, are other features that show the extra quality built into the Ford car.
